## Result of the Second Apogee Engine Firing of the Engineering Test Satellite VIII “KIKU No. 8”

The Japan Aerospace Exploration Agency (JAXA) performed the second apogee engine firing of the “KIKU” No. 8 by sending commands from the Masuda Station in Tanegashima for about 90 minutes from 6 :48 a.m. on December 20, 2006 (Japan Standard Time, JST.)

We have confirmed by telemetry data sent from the satellite that the second apogee engine firing was successfully carried out.

The satellite is in good condition.

Next Update:

The orbit determination results due to the second apogee engine firing will be released along with the third apogee engine firing schedule at around 1:30 a.m.on Dec. 21 (JST.)
